Sounds good to me.

We also have the president of his HOA on the board. How would she be involved? As I understand some of his issues are related to their property?

100% agree we need to focus on renewal.

I forgot to mention today what I have been thinking about regarding Bruce. I suggested to Lorena that I contact Bruce and tell him that I would be his point of contact for any Pbid issues he had and that Lorena would no longer respond to him. I feel it's really important that Lorena is able to focus on renewal and Bruce is an unnecessary distraction. We should also have an ad hoc board committee do an investigation and put a report in our files so if this issues reaches the City Clerk or higher we can show the action we took and rather than just ignoring his allegations.

Let me know what you think,

Alan

Lorena,

In regards to my inquiry as to the document retention policies that the BID is required to follow:

The **Agreement To Administer The Property-Based Business Improvement District** which you provided to me (and which you claim you have read) states:

SECTION 7. RETENTION OF RECORDS, AUDIT AND REPORTS

*7. 1. In accordance with generally accepted accounting principles, Corporation shall maintain full and complete records of activities and services performed under this Agreement, in their original form. Such records shall be open to the inspection of City and City may audit such records. **Corporation agrees to keep all such records on file in a secure location for a minimum of three (3) years subsequent to the expiration of this Agreement.***

Agreement No. C-121683

Expiration date 12/31/17

You have claimed, in writing, that:

"...we are not required to retain records for more than three years. You have requested a paper file from 2012. Thank you for understanding that we cannot accommodate your request."

If your statement is true, it means that the BID is in material breach of its contract with the city of Los Angeles (No. C-121683).

It also means that your lack of understanding of the requirements of the contract with the city that governs the BID calls into question your competence to hold the position of Executive Director.

Your admission of not keeping BID records that are more than 3 years old should require a full audit of BID records and record keeping practices.

I am going to request that either the City Clerk or the City Attorney step in to initiate this process.

Mr. Ecker,

As I have stated, we do not have the capacity to retain excessive paper records in our small storage area and we are not required to retain records for more than three years. You have requested a paper file from 2012.

Thank you for understanding that we cannot accommodate your request.

I am going to request that you make some kind of effort to product the requested information.

I have supplied you with a case number, the name of the law firm that handled the case, and the names of people that are currently on the board that were also on the board at the time of the settlement. It shouldn't take much effort to exhume this information.

Please let me know when I can expect this information from you.

Loren,

I would like a copy of the settlement of this lawsuit. I would also like to know what the BID spent on defending this suit. I would like to know why the city attorney recommended that the Los Angeles City Council voted to settle this issue. I would like to know why Harbor Towers was refunded almost \$100,000 in assessments. I am not the only one in the BID that is interested in this information and with the potential renewal of the charter this is information that needs to be made public.

Please let me know when I can expect this information from you.

Lorena,

I find it less than believable that the BID only keeps records for three years since in the past you have provided me with records from 2010 and earlier. If you don't have the information on this suit in your files you can get it from the attorney that the BID was working with at the time. Also, the suit was settled in 2013 so you should still have a copy. Please let me know when I can expect to receive this information.

Complaint attached.

You keep claiming you know nothing about this and don't know who to ask. I suggest you speak to any of the current PBID board members that were on the board at the time of the lawsuit... I am sure Eric Eisenberg or Alan Johnson will be able help you.

When can I expect the information I requested?

Besides the final settlement, I would like to revise this request to include any additional documents that pertain to this issue that were generated by the Board.

I have already obtained the 141 page original complaint and the 10 page Verified Answers of the Respondents/Defendants, so these two documents can be omitted.

Please let me know what you consider a reasonable time frame to receive these from you.

Lorena,

The suit was filed in November of 2012, and was settled some time in 2013.

The attorneys that were working for the BID at the time were Paul Rohrer and Jennifer Jason (Loeb and Loeb LLP).
